She meticulously creates the sand texture on the canvas before beginning to exercise her smooth brushstrokes. Her life like art of Buddha has captures many collectors who constantly seek her new art works. Collectors mentioned that her Buddha arts give a sense of peace and serenity when hung up in their home.

### Artist's comments:

*My art works were inspired by my experience in each stage of my life. Reading, listening together with my own research about the beauty of nature has great effect on the way I create my art work. My skill in art and personal belief are greatly influence by Buddhism and Eastern philosophy that review about the truth, uncertain of life, nature and mankind to become one.*
